2019 APPLICATION GUIDELINES

Receiving the Credentials of an Ordained Minister of Volunteers of America

Ordination is the highest level of commitment to Volunteers of America's ministry of service. In their special role of discipleship, ordained ministers demonstrate a superior knowledge of the Holy Scriptures of the Old and New Testaments and accept the responsibility of administering the Sacraments. One must be either a commissioned minister or a constituent minister of Volunteers of America in order to be eligible to receive ordination, or to have an existing ordination recognized.

Commissioned and constituent ministers called to become ordained ministers of Volunteers of America are asked to choose **one** of the two ordination processes based on their qualifications. Commissioned and constituent ministers must wait at least one year from the date of their commissioning or constituency before pursuing ordination through Volunteers of America (for example, commissioned or constituent ministers inducted into the ministry in June 2018 must wait until June 2019 before beginning the ordination process).

Requesting that an Existing Ordination be Recognized by Volunteers of America

This ordination process is for any commissioned or constituent minister who has been ordained by a Christian church with Doctrines that are in harmony with Volunteers of America's Cardinal Doctrines. Those ministers may request that Volunteers of America recognize their ordination. Instructions for the process of requesting recognition of an existing ordination can be found on pages 2-5 of these guidelines. Candidates who complete this ordination process to the satisfaction of the Volunteers of America Church Governing Board will have their ordination formally recognized by Volunteers of America as part of the Annual Worship Service, to be held Sunday, June 2, 2019 in Scottsdale, Arizona.

Receiving Ordination through Volunteers of America

This ordination process is for any commissioned or constituent minister who feels called to become an ordained minister of Volunteers of America and who is not already ordained within another Christian church. Those ministers may pursue ordination through the application process set forth by the ordination committee of Volunteers of America's Church Governing Board. Instructions for the process of receiving ordination through Volunteers of America can be found on pages 6-10 of these guidelines. Candidates who complete this ordination process to the satisfaction of the Church Governing Board will be ordained during the Annual Worship Service, to be held Sunday June 2, 2019 in Scottsdale, Arizona.
